The benefits of staying connected to your Alma Mater

As an alumna/us of Webster University you join a global community of more than 180,000 fellow graduates in over 150 countries. Staying connected to your alma mater means you can take advantage of a variety of benefits.

There are a number of *exclusive benefits* you can enjoy as a graduate of the University, most of which are free of charge. However, benefits are not just confined to discounts and preferential rates. Being a part of an alumni association gives you a chance to keep in touch or reconnect with classmates you might have lost contact with, which is a special thing. They probably know you better than anyone (even 20 years later!). Feed that connection and feed your soul by also connecting through our social media groups on **LinkedIn**: [Webster Geneva Alumni Chapter](#) and **Facebook**: [Webster University Geneva Alumni Chapter](#) and sign up for the Online Community and our alumni e-newsletters.

In addition to helping you maintain personal relationships, the alumni association can also assist you in creating professional relationships through *networking* and *mentoring* opportunities. Graduates can get *career advice* from alumni who are willing to share their knowledge and also have access to *job postings* and *career resources*.

The Webster Alumni Association partners with local and national companies e.g. hotels and fitness centres and negotiates discounts and preferential rates for alumni and the Webster Community.

Additionally, you can take advantage of *on-campus benefits*: use the *Library*, *audit courses*, work out at the *gym*, attend or participate in one of the many *events* scheduled throughout the year. If you would like to partner with us, or you know of someone else who would, please contact Susan Ross at: ross@webster.ch
