Academic Aspects

Attendance

As a general rule, students are expected to attend all class sessions of every course. In case of unavoidable absences, the student must contact the professor. Absences due to illness must be reported to the Academic office and to the Registrar’s office supported by a medical certificate. This is imperative in the case of foreign students who are in Switzerland for study purposes and hold a student residence permit.

Excessive absence (justified or unjustified) will lead to a dismissal from the class, according to the table below.

The University reserves the right to drop students who do not attend class the first week of the term/semester.

A student who misses a class is responsible for making up the work missed before the next class session. The student gets an F for any graded exercise missed on the day of their absence. Unless there is an explicit agreement with the professor beforehand, no makeup exam is organized.

Arriving late for class or leaving early will be considered a partial absence and can also affect the grade for the course.

Homework Load

Students are expected to do 12 hours of homework per week in an 8-week class and 8 hours of homework per week in a 16-week class.
Exams & Grading

Each class is sanctioned by a grade that generally results from multiple evaluation tools such as active participation (e.g. 10% of final grade), a midterm exam (e.g. 25%), a final exam and/or final paper (e.g. 25%), short papers and/or presentations (e.g. 20%), and homework (e.g. 20%).

Academic grading at Webster University Geneva (as well as throughout the United States) takes on the form of letter grades. Grading follows a strict scale that is included in the syllabus and in the courses catalogue. The grading scale makes letter grades correspond to fulfillment of professors’ expectations and give a corresponding Grade Point Average (GPA). The grading scale cannot be changed in any situation.

Special Grades: Pass/Fail

During the first week of class, professors are expected to make the requirements for each course clear to the students. If the professor agrees, the student may choose to be graded by (1) a letter grade or (2) a pass/fail system. Note that in some departments (e.g., computer science) pass/fail is not permitted.

Students choosing the pass/fail option must do so by the end of the second week of class. In some courses, pass/fail is the official grading system, and in any particular semester, professor may designate the pass/fail system as the grading system for their course. In such instances a student may petition the professor for a letter grade to be recorded on the transcript. Minimum grade requirements are determined by each individual department/program.

Special Grades: Incomplete

An incomplete (I) grade may be assigned by professor in situations where the student has satisfactorily completed major components of the course, and has the ability to finish the remaining work without re-enrolling.

The professor determines the appropriateness of a grade of I, establishes the remaining requirements and determines a deadline for course completion. The deadline cannot exceed one year from the end of the course.

A course with an incomplete grade is not considered as passed and shall not fulfill the prerequisites for other courses.

After one calendar year has passed, an unresolved Incomplete will become a ZF.
Probation

Degree-seeking students are placed on academic probation as soon as their GPA goes below 2.0 in one semester. They are notified of their academic status through an Academic Standing letter explaining why the student is on probation as well as the conditions that the student must meet in order to remain in good academic standing, transmitted by e-mail. Students shall then meet a Student Success Coach (SSC) to examine their situation and discuss the Academic Recovery Plan (ARP).

Students placed on academic probation are allowed to remain at Webster until their overall GPA is 2.0, as long as they continue to earn a 2.0 GPA each semester. A student is removed from probation when the overall GPA reaches 2.0. Students who fail to earn a 2.0 current GPA in one of their probationary semesters are dismissed from the University.

Non-degree students must maintain a semester GPA of 2.0 or be subject to dismissal.

Courses Registration

All registration formalities should be completed by the start of the term/semester. Students who have not completed registration formalities are not allowed to attend class. Continuing students are required to enroll for the next semester before the end of the current semester. Registration into courses is done on a first come first served basis. Some courses get full very quickly, and some may be rescheduled if enrollment is low, so it is strongly recommended to register for the upcoming term/semester as early as possible.

To register for courses, you must contact your academic advisor after you have cleared any outstanding financial obligations. No registration form for Directed Studies, Reading Courses, Internships/Practicum or Thesis will be processed by the Registrar’s office without completion of all appropriate forms.

If you do not complete registration formalities on time, you may be registered into courses by an academic advisor. It remains your responsibility to verify your degree requirements and to contact your advisor for changes before term begins.
Drop & Add

Students may add or drop a course with the approval of their academic advisor. They may add courses by Friday of the first week of the term — with written permission from the professor if courses have begun — and drop classes by Friday of the first week of the term.

Students who do not contact their academic advisor or submit signed drop/add forms by the deadline will be graded and charged according to their registration on file at the end of the official drop/add period. Merely informing the professor of the intent to drop a class or not attending a class will not constitute an official change in registration.

Withdrawal

Students may withdraw from courses after the official drop/add period with the approval of their academic advisor. Students may withdraw from courses up to and including Friday of the sixth week of an eight-week course and the Friday of the twelfth week of a semester course. To withdraw, a student must submit a withdrawal form to the Registrar’s office signed by the academic advisor. Students who do not submit signed withdrawal forms by the deadline will be graded and charged according to their registration on file at the end of the official withdrawal period. Merely informing the professor of the intent to withdraw a class or stop attending a class will not constitute an official withdrawal. All withdrawal forms must be presented to the Business Office before being taken to the Registrar’s office. Only forms stamped by the Business Office will be processed.

The Global Citizenship Program (GCP)

The cornerstone of Webster University's liberal arts curriculum is the Global Citizenship Program, which will prepare you to meet the personal and professional challenges of tomorrow over four years of undergraduate study.

As a liberal arts institution, Webster aims to provide you with a general education that balances fundamental learning with applicable skills. You, like so many Webster students, may have been educated in an international setting and may already speak two or more languages. The Global Citizenship Program will allow you to connect different learning experiences in an academic setting, where you will learn to think critically, to communicate convincingly, and to solve complex problems.

To complete the program, you will take ten courses, including Cornerstone Seminar, taken in the student's first year, and Keystone Seminar, taken in the student's third or fourth year. You will be able to choose from a variety of courses covering different disciplines, such as philosophy, science, sustainability
studies, French language, composition, creative writing, as well as the visual and performance arts.

**Textbooks**

Textbooks (and/or e-books) for both undergraduate and graduate courses are included in the tuition price. This policy covers directed study courses. The policy does not cover textbooks/e-books for online courses, and does not cover exceptional costs such as lab fees or field trip expenses, special software/CD/DVD costs, monthly subscriptions, and accessories such as notebooks, pencils, etc.

To receive a textbook, the student must be registered for the course. Availability of textbooks and/or e-books at the beginning of the term depends on advance registration (by Week 6 of the previous term).

Students must pick up their textbooks from the bookstore no later than the end of week 1 of each term. The bookstore reserves the right to return all uncollected books past this deadline.

In the event of a course drop, all textbooks for that course must be returned to the bookstore no later than the end of week 1. Textbooks must be returned in pristine condition.

The bookstore is not responsible for giving students a second copy of a textbook in the event of loss or theft.

The bookstore orders books in a single format (either print or e-book) for all the students enrolled in a course.

Student auditors are eligible to receive the course textbook(s), provided that the course in question is officially audited by registration and that the additional audited credits are within the student's full-time range.

Master students who cannot collect their books during opening hours should make arrangements with the Bookstore Manager to have their books placed in the library for collection.

**Bookstore**

The on-campus bookstore is located on the ground-floor of the Administration building. Opening hours typically range from 8:30 to 12:00 and from 13:00 to 15:00. The opening hours vary on the first few days of the new term. The bookstore is closed on weeks 5, 6 and 7. The per-term opening hours are displayed on the door, on university website and screens found on campus.
Webster’s Internship Program

Undergraduate students with at least 80 credit hours and a recommended GPA of close to 2.5 or higher and graduate students with at least 2 terms completed and a GPA of 3.0 or higher are eligible to join Webster’s Internship Program. Membership in this program entitles you to receive postings for any internship received by Webster. The student decides whether he/she would like to apply or not for a specific posting. Students with a GPA of 3.5 or higher may join Webster’s Honors Internship Program. When an Honors Intern applies for an internship, Career Services will highlight their application to the organization providing the internship.

Conditions ‘for credit’:

Internships related to your degree work may be awarded academic credit. The internship is taken as part of an elective course and must be unpaid with appropriate levels of content and internship hours. Please contact your Department Chair for details and to discuss if an internship is eligible for academic credit.

Career Services has developed relationships with organizations in the Geneva community to create opportunities for internships and employment for Webster students. While Webster does not place students in jobs or internships, we work hard to bring many opportunities to you.

Petition to Graduate

All students, Undergraduate and Graduate, petition to graduate online. Graduating students must access and fill out the petition to graduate form through their Connections login in the student academic services section. The petition should be filled out when you register for your last semester.

All graduating students must also complete a Mandatory Exit Procedure as part of the petition to graduate process. The Director of Alumni Programs will send you information about this procedure once you petition to graduate. The procedure consists of completing two forms with your contact details and information about your internships and future plans and will include a meeting with Career Services and Alumni to inform you about continued services available to you after graduation.

For current academic policies about Grade Change and Grade Appeals, Dean’s List and Honors at Graduation, please refer to the Undergraduate and Graduate Catalogs: www.webster.edu/catalog.
Administrative Aspects

Student Permits

Non-Swiss students are required to obtain a student residence permit from the appropriate Swiss cantonal authorities and submit a copy of their residence permit to the Registrar’s office. Students holding a B-student permit must maintain full time status throughout their studies and attend courses regularly. Students leaving the University or changing address must inform the Registrar’s office and the Swiss Cantonal authorities.

Requirements for students holding a B-student permit

A student holding a B-student permit must be a full-time degree-seeking student. To be considered full-time, the student must successfully complete at least 30 credit hours per academic year in Geneva courses, and at least 12 credits each in the Fall and Spring semesters. The definition of ‘successfully completed’ is a course grade other than F, NC, I, ZF, W, and WF. Online courses are excluded in the definition of “Geneva courses” and do not count towards the credit hours required for full-time enrollment.

Students who have not successfully completed 30 credit hours of Geneva courses in the Fall and Spring semesters are required to complete this requirement in the subsequent Summer term.

Certificate of Enrollment / Attestation

The Certificate of Enrollment is an official document stating that you are an active student for the current term. Therefore, Certificates will only be issued to students who are currently enrolled and regularly attending courses.

Provided the student has maintained full-time status in the current and previous terms, attestations for current students to extend their B-student permit will be issued once the student has registered for the upcoming term/semester into a minimum of four courses per semester (two courses per term).

Attestations for new students to apply for the B-student permit will not be issued until the first week of their first term.

To request a Certificate or an Attestation, please sign up at the Registrar’s Office or send an e-mail to registrar@webster.ch. Upon student account clearance, the document will be issued within three working days. If you have a "hold" on your records due to outstanding financial obligations, your certificate/attestation will not be issued and you will need to contact the Business Office.
Request a Transcript

Official transcripts of your work at Webster University must be obtained directly from the main campus after you have cleared any outstanding financial obligations. Transcripts are to be ordered electronically. Please find all relevant details from the following webpage:

http://www.webster.edu/academics/transcripts.html
Classroom Disruption

Professors and Students have a right to expect a civil learning environment, free from harassment and discrimination and from any other unreasonable interference with the educational experience. Students are expected to treat the professor and other students with dignity and respect, especially in cases where a diversity of opinion arises.

Students are responsible for their behavior, especially when their behavior affects the learning environment of other students. Professors have jurisdiction and authority to do what is necessary to preserve the integrity of the classroom when incidents occur and may remove students from the classroom temporarily or definitively.

Examples of Classroom Disruptions

- Frequently arriving late to class
- Continually leaving and re-entering class without permission
- Loud and distracting noises (talking with others or talking aloud to no one in particular, using cell phones or other devices, consuming food)
- Continually interrupting professor or other students
- Sleeping in class or poor personal hygiene
- Comments that are: antagonistic or inappropriately argumentative, openly rude or inappropriately critical, threatening or abusive

Response to Classroom Disruption

Professors shall make specific expectations very clear in the first class.

When a disruptive behavior happens, professors are expected to first talk with the student privately, during the break or after class. If the behavior persists, the professor fills out a Disciplinary Referral forms and sends them to the relevant Department/Program Head who will contact the student to discuss the above-mentioned behavior.

If there is no improvement in conduct, the professor will inform the students that he/she will not be allowed to continue in the class and notifies, in writing, the relevant Department/Program Head. The student will be withdrawn from the class.
Academic Honesty/Integrity

The University is committed to high standards of academic conduct and integrity. Students will be held responsible for violations of academic honesty. Academic dishonesty situations include:

- **Cheating**: using or attempting to use crib sheets, electronic sources, stolen exams, unauthorized study aids in an academic assignment, or copying or colluding with a fellow student in an effort to improve one’s grade.
- **Fabrication**: falsifying, inventing, or misstating any data, information, or citation in an academic assignment, field experience, academic credentials, job application, or placement file.
- **Plagiarism**: using the works (i.e., words, images, other materials) of another person as one's own words without proper citation in any academic assignment. This includes submission (in whole or in part) of any work purchased or downloaded from a website or an Internet paper clearinghouse.
- **Facilitating Academic Dishonesty**: assisting or attempting to assist any person to commit any act of academic misconduct, such as allowing someone to copy a paper or test answers.

Academic Honesty and Integrity is addressed during orientation sessions, in the library at the beginning of each term and reinforced at a later stage in the freshman seminar and writing courses. Students are encouraged to take advantage of the Learning Center for support.

**Response to Academic Honesty/Integrity Issues**

In most cases, the professor will address issues of academic dishonesty within the confines of the student's course, deciding on the appropriate penalty, which may range from a simple warning to failing the whole class (F grade). Penalties are the decision of the professor. The case is reported to the academic offices for record purposes.

In cases where formal judicial process is needed, an Integrity Committee will be put in place; the committee would include a minimum of three professors from different departments/programs, including its chairperson. All pertinent information is collected for evaluation and audience is given to the professor and student if they request it. Once a final decision is reached, the committee’s recommendation will be submitted to the Campus Director for final approval. Cases are archived electronically and physically.

Looking for a job or internship can be extremely stressful; we are there to support you and to help develop ideas that can lead you in a successful direction.
Internships

Organize Career Events on Campus

Career Services brings the world of work (mainly companies, international organizations, recruiters) to campus by inviting working professionals (including alumni) to participate in Career Events. Events can be panel discussions, presentations or forums focused on particular careers, industries, recruiting or topics related to job search. Our events always include a time for attendees to meet the presenters for individual discussions.

Help with Graduate School Selection and Application

We provide impartial advice to help students with their graduate school selection and help them manage the application process.

The Alumni Mentoring Program

Additionally, Career Services locally administers the Global Mentoring Program. This program matches current Webster students with Webster alumni around the world. Matches are made based upon common career interests and monthly mentoring meetings are held (virtually or in person) to enable the student to learn more about a career of interest and understand how to enter and be successful in this field of work. Participation in the program allows students to make more informed career decisions and develop their networking skills; a key to career success.

Career Services is located in the LLC (LLC5). Our office hours are posted on the door and include some evening hours. For an appointment, please send an email to careerservices@webster.ch.

Alumni & Development Programs

After graduating from Webster, you automatically become a member of the Alumni Association, which is an international network of alumni, and there is no membership fee. It has been connecting graduates to one another and to their alma mater since 1923. There are over 192,000 Webster alumni worldwide from over 150 nations located around the world. They are a part of a vibrant and growing group of entrepreneurs, innovators, educators, actors, writers, politicians, astronauts, competitive sports men and women to name a few! The Geneva Chapter of the Alumni Association was established in 2005. The Chapter connects alumni with the university through student-related or academic events and through social gatherings. An example for such events is the Alumni-Student-Career Mixer through the cooperation with the Career
Services Offices. Alumni are encouraged to participate in sharing their professional experience with students. Alumni are entitled to use the services of the Career Office at least for 12 months after graduating. Webster University Geneva will expand the services for students to include a local alumni-student mentoring program.

The Geneva Chapter of the Alumni Association also and regularly organizes social events such as receptions, barbecues on campus and fondue soirées. Alumni are invited to attend all events and conference on campus and off-campus organized by Webster University Geneva. Parking

Parking permits are required for all (staff, professors, students, visitors) on Webster University Geneva parking areas at all times. Parking permits are issued at Reception at the beginning of each academic year. The permit can be issued annually, per semester or per term.

Parking permits must be visibly displayed on the vehicle.

Permits will only be issued to registered students for the current academic year. To apply for a parking permit, the vehicle owners are required to fill out a parking application, available at Reception.

The cost of a parking permit is as follows:

- Annual: CHF 200
- Semester: CHF 100
- Term: CHF 50

The parking permits are issued in the name of the permit holder, charged on the student account and billed by the Business Office.

*Please Note:* Students whose accounts are in default will not be issued a permit, and by extension may not park on campus.

The issuance of a permit does not guarantee a parking space - the permit is a license to park if space is available, and only to park legally in designated spaces.

**Temporary Permits**

Temporary parking permits may be issued for no longer than ten (10) days and are non-renewable.

**Visitor Permits**

Short-term visitors (staying for few hours or one day only) are encouraged to use the Visitor parking spots. Temporary parking permits are available for campus visitors staying more than one day. These are offered at no cost to the visitor at Reception or the Housing office. The individual requesting the permit must be accompanied by their host or show an invitation email. Note: Visitors are bound by the same rules and regulations as students, professors, staff and others at Webster University Geneva campus.

Visitors coming to attend a conference or an event on campus open to the public do not need to request a parking permit. Parking permit checks are suspended during events and conferences on campus.
Parking Tickets

Vehicles parked in the parking lots without a current valid permit or without license plates will be ticketed and/or towed as appropriate. There are no warning notices given. All violators will be ticketed from the first offense.

Appeal

Parking tickets can be contested within the first week of the ticket being issued. The claim has to be submitted in writing with complete explanation and attached evidence to GCS Security or the Security coordinator (Student Affairs Office). The tickets may only be cancelled by GCS Security or Security coordinator and only in exceptional circumstances. All parking tickets are sent to the local police.

A log of parking ticket appeals and decisions taken will be stored with GCS Security for management purposes.

Liability

Webster University Geneva cannot be held responsible for any damages and/or theft of any vehicle parked on university grounds. To prevent any damages or thefts, do not leave valuable items visible in your vehicle at any given time. Double check that all doors are locked and secured at all times.

Authorized Parking Areas

Vehicle owners with valid parking permits may park their car or van on the upper lot (between the Admissions and the Administrative building) as well as on the lower lot (between the railways and the LLC).

A special 1-vehicle parking area is designed for drivers with limited mobility behind the Alps building.

In no other area are vehicles allowed to park, drive, or do drop off/pick up, unless authorization is given on a written form by the Campus Director or Security coordinator (i.e. internal needs, designated providers).

Housing Rules

To access the Housing Policy Booklet in full, please visit the following page:

http://www.webster.ch/currentstudents/residentiallife/resources/housingpolicybooklet.pdf

Smoking and Alcohol Policy

Smoking is not permitted in any public area of any Webster University buildings. Smoking is not permitted in any resident rooms or common areas of all University residences.
Receptacles for disposal of cigarette butts are provided outside the residence halls. Students are responsible for the proper disposal of cigarette butts. Failure to do so will result in monetary fines imposed on all students living in units where cigarette butts are found in the vicinity. Possession of hookahs, cigars and pipes is prohibited.

Students found smoking in prohibited locations can be fined CHF 250 or more, as well as be held financially responsible for any damage done to the facilities (i.e. smoking in a residential room may cause the entire space to be cleaned and painted).

Alcohol may be consumed within the Webster University campus housing in accordance with the Swiss law: the legal drinking age is 16 years old in order to possess or consume beer and/or wine and 18 years old to possess or consume any other alcoholic beverages.

Residents of Webster University, regardless of age, may not:

- Consume alcohol in a room or apartment other than their own in the presence of a minor.
- Consume alcohol in the public areas of the University (i.e. hallways, parking lots, patios, balconies, etc.) unless it is in association with a sponsored Webster University event (i.e. Webster parties, BBQ’s).
- Possess large bulk containers of alcoholic beverages (i.e. kegs, party balls, trashcans, etc.).
- Display alcohol containers, empty or full, for the purposes of decoration or exhibition.
- Be on campus at any time in an intoxicated state or clearly under the influence of alcohol.

Barbecue Grills

Storing grills within University housing is prohibited. It is prohibited to use or store barbecue grills on the common walkways, in front of units and on patios or balconies. On campus, only the community grills may be used.

Candles, Incense, Open Flames

Any items that can produce smoldering or open flame, including, but not limited to, candles, incense, kerosene lamps, and potpourri burners, may not be used or possessed in the apartments or residence halls, even for decoration. If a staff member finds any of these types of items, they will be immediately confiscated and not returned. An exception is made only for devices meant to light cigarettes. Heavy fines will be automatically attributed.
Decorating
Residents shall not hang any items from or draped above the fire sprinkler heads. Damage to the sprinkler heads could result in flooding and excessive water damage for which you may be held financially responsible.

Electrical Outlets
Electrical outlets cannot be modified in any way. Do not attempt to overload electrical outlets with multiple adapters. Surge protectors are recommended for equipment such as stereo and computer systems.

Fire and Life Safety Equipment
Any activity involving tampering with fire alarms, smoke detectors, fire extinguishers, or other firefighting equipment, unauthorized use of such equipment, failure to evacuate during a fire alarm, hindering the evacuation of other occupants or hindering authorized emergency personnel is prohibited. Severe disciplinary action, including possible dismissal from Webster University Housing, will be imposed for violation of fire safety standards. At minimum, a fine of CHF 200 will be sanctioned for tampering with fire and safety equipment. Additionally, criminal and/or civil prosecution is possible for pulling false fire alarms and for damage or injury resulting from the unauthorized use of firefighting equipment. Prior to moving in, staff members will test the smoke detector(s) for proper operation and working batteries.

Fireworks, Chemicals, and Explosives
Fireworks and explosives of any type are not allowed on University premises. Chemicals and explosives such as gasoline, paint thinners, acids, dry ice etc. are prohibited in all residential facilities. University staff members will confiscate all types of fireworks and the violator(s) will be subject to disciplinary action.

Public Transportation
Geneva has an excellent public transportation system which will get you all around the Canton of Geneva for a cost of:

- CHF 45.-/month for students under 25 years of age
- CHF 70.-/month for students of 25 years of age and above

The pass can be bought at the main train station in downtown Geneva (Gare Cornavin). Your pass will be issued on the spot, once you’ve provided the picture and the money (payable by credit card).

Webster University, Geneva campus is located outside of Geneva’s center, in a small town called Bellevue. In order to get to the city center, the easiest way will
be for you to take the train “Régional” which runs every half hour and every 15 minutes on weekdays during rush hours in the morning and afternoon.

If you are staying in our downtown residence Les Berges du Rhône, you will be using tram # 14 in order to get from the residence to the main train station and catch the train to campus.

Daily passes are also available but not recommended as they are more expensive overall. When you first get to Geneva, you might want to buy a 1h ticket “Tout Genève”, until you get a chance to buy your pass. The 1h ticket costs CHF 3,00.-. (If arriving at the airport, there is a ticket distributor in the baggage claim area for free public transportation for an hour. Hotels sometimes offer free transportation tickets as well.)

Finally, make sure to have your pass with you at all times and to renew it as the fine for being caught without a valid transportation ticket/pass is of CHF 80- at minimum. Make sure you are traveling in a 2nd class compartment when taking the train as there is also a fine for traveling in 1st class with a 2nd class ticket/pass.

Your Connections Account

Connections is a web portal that provides access to Webster’s online services. Your Connections ID and password give you access to your academic records and grades, Webster email, and to WorldClassRoom (your course pages.) You may access the portal through:

http://connections.webster.edu

- After you have been accepted by Webster and enrolled, you should receive an email with a link and activation code. This is to set up your two security questions and your password. This is only good for a few days so please make sure you set this up right away!
- If you have not received the email or the link has expired, on the Webster Geneva campus you can come see the librarian and ask for help to activate it.

Once you are on the main Connections page, you’ll see a row of icons at the right hand top which give access to your Webster.edu e-mail, a calendar (as a default this is set to US central Standard Time, but you can change this to your local time), group discussions (Groups), Webster Library online page and a Help area. The student tab on the left hand side provides access to tutorials, on-line courses that you registered for, academic records and the WorldClassRoom site for your courses. You can also find access to a self-training tool, Lynda, on which you can train to use many different software tools.

Frequently asked questions and other information on Connections can be found from the Help section, on the www.webster.edu website, and on the Geneva campus, your first point of help is the Librarian for initial activating help. If you have further questions or problems, contact the Webster University Help Desk in St. Louis by e-mailing them at support@webster.edu or calling +1 314 968 5995 (remember to include your student ID number in correspondence.)

Forgot your Password?

If you forget your password, you can go to http://connections.webster.edu and on the left side click on “I’ve Forgotten My Username or Password”. You will need to have your student ID number handy, and will be asked to provide the answers to the two secret questions you selected when setting up your account. If you are able to provide the answers to these two questions, you will be able to retrieve your Connections username and/or change your password.
Wish to Change your Connections Password?
Go to http://connections.webster.edu/myaccount and log on. You will be taken to the Connections account administration page where you have to change your password.

Bachelor Programs

Approximately 20% of Webster University Geneva bachelor students receive financial aid of some form. Financial Aid applications are made available upon request, as part of the admissions process for new students. As such, they are awarded on a rolling basis during the primary admissions period, generally between January and June (or in the six month cycle prior to the chosen start date of the first term of study). The Admissions Director is the primary point of contact for new, incoming students who wish to be considered for Scholarships or Financial Aid.

ALL awards at Webster University Geneva are partial-tuition scholarships. This allows limited scholarship budgets to benefit a larger number of students. Generally, award offers are partial-tuition funds of between 10% and 30% of tuition (when awards are combined, they are capped at 50% of tuition fees). Since funding is limited each academic year, awards are granted on a rolling basis until the annual funds are depleted.

There are three types of awards made available to bachelor students:

1. The Scholars Program (see below) is an invitation-only program based on academic achievement. Scholars Program scholarships are merit-based, and participants need to maintain a 3.5 GPA in order to maintain their scholarship awards.
2. Need-based Financial Aid scholarships are available for those who have demonstrated financial need (based on financial circumstances of the family) and who have demonstrated the capacity for solid academic performance. Generally, students who are awarded need-based funds should also maintain a 3.0 GPA to maintain awards in subsequent academic years.
3. Work-Study positions may be made available from time to time, for employment on campus. These are announced by the Career Services office to the student community. Note: this may not apply to students who are not eligible to work in Switzerland; situations are examined individually. More information on Work-Study positions can be found here: http://www.webster.ch/humanresources/workstudy.html

In addition, citizens of the United States of America and US “Green Card” holders may apply for a student loan, financial or other educational benefits of the US government through the Financial Aid office in Saint Louis.
Returning Student Applications and Scholarship Renewals

Current Webster Geneva students may apply for financial aid by April 1st (in advance of the academic year). Supporting documentation about family income (including tax statements, proof of salary, documents translated into English, etc) is required, as per the application.

For current Webster Geneva students who are seeking Financial Aid, the Business Office is the primary point of contact for the application process.

Renewal of Scholarship and Financial Aid awards

Original offers of financial aid are intended to support students throughout their years of study. Yet students must maintain solid academic standing in their program (as per the terms of their award letter). Those who do not maintain the expected Grade Point Average (GPA) will receive a warning letter, with an additional semester’s opportunity to improve their grades and meet the GPA requirement.

For need-based awards, the Business Office reserves the right to request updated supporting documentation regarding the family’s financial circumstances at the time of renewal.

The Scholarship Committee evaluates applications using the following criteria:

1. A timely and completed application (with supporting documentation, if/as requested, from the student’s family or sponsor).
2. Financial need: Students who are able to document financial need (through official and/or translated copies of the family’s tax statements, salary statements, bank statements, etc) are considered for need-based financial aid.
3. Academic merit: Scholars Program awards are given to students with outstanding academic performance.

Sudden, unexpected emergencies that change family’s financial circumstances: students who can document extreme changes to their circumstances can also reach the Business Office to review possibilities for partial awards, if funds are available. Documentation should be provided (translated into English, if relevant).

Scholars Program (Bachelor Students Only)

The Scholars Program is an invitation-only opportunity made available to our highest academic achievers. Some applicants are invited to apply to join the Scholars Program as part of the admissions process, yet all students can earn the opportunity to participate based on high academic achievement. Generally, earning a consistent, cumulative Grade Point Average of 3.5 and above can
earn you eligibility for consideration. Integrity in university studies and student life (i.e., no disciplinary measures) are also considered. Special sections of courses and/or co-curricular activities are sometimes arranged, in support of high academic achievement, and participants are informed of expectations and obligations to maintain their status in the Scholars Program.

**Research a Scholarly Topic**

The program is designed to help high achievers target a specialization or academic area of interest, toward the completion of a senior project. During their senior year, Scholars Program participants can complete a research thesis or a final project (depending on the major). Students are individually mentored by a professor who specializes in the chosen topic/area. This academic learning experience strengthens skills in research, writing, programming or production. Completing a thesis or project can provide you with a competitive advantage when applying to graduate school, or when entering the job market.

**Master Programs**

Funding for graduate students enrolling in masters programs is also available. Applications are made available during the admissions process, and are also awarded on a rolling basis. Financial Aid is generally awarded in the form of need-based scholarships that require students to maintain continued enrollment as per the terms of the award letter.

An applicant’s prior academic record is also considered in reviewing all applications for funding.

Strong performance and consistent academic progress are also expected for those students seeking to renew funding for their next (subsequent) year of study. For new, a first-time graduate student, the Admissions Director is the primary point of contact for the application process.

For current (returning) graduate students, the Business Office is the primary point of contact for the application process.

Extended Campus Student Code of Conduct

Webster University Student Life Policies have been written to help guide the behavior of students as members of the University community. Webster strives to be a center of academic excellence. We make every effort to ensure:

1. The opportunity for students to learn and inquire freely;
2. The protection of intellectual freedom and the rights of professors to teach;
3. The advancement of knowledge through scholarly pursuits and relevant dialogue.

The University community is by nature pluralistic and diverse. Those who elect to participate in the Webster University community accept the responsibility of sharing in the effort to achieve the University's mission as an institution of higher learning. Each person is expected to respect the objectives of the University and the views expressed within the community. In so doing, all members of the University community, and their guests, are expected to conduct themselves in an appropriate and civil manner at all times. These behavioral expectations include behavior both on- and off-campus as defined herein. Additional policies and practices or changes may evolve and the Student Handbook and Calendar may be amended, modified, or suspended at any time. Written notice of such changes will be distributed as soon as possible.

Participants in this shared enterprise strive to be governed by what ought to be rather than what is. To accomplish its goals, members of the University community aspire to a standard that is higher than mere compliance with formalized University requirements and local, state, and federal law. We endeavor to fulfill the following expectations:

Statement of Ethics

1. We endeavor to fulfill the following expectations:
2. To preserve academic honor and integrity by repudiating all forms of academic and intellectual dishonesty;
3. To treat others with respect and dignity;
4. To respect the rights and property of others;
5. To act with concern for the safety and well-being of all our associates.
Student Rights

Webster University students are accorded the following rights to ensure positive educational results for each individual:

1. Educational Environment: Students have the right to an environment conducive to their educational pursuits. This environment should be free from harassment and discrimination and free from any other unreasonable interference with their educational experiences. Webster University offers protection from discrimination to students in their educational programs, activities, and employment on the basis of race, sex, sexual orientation, color, creed, age, ethnic or national origin, or nondisqualifying handicap, as required by federal laws and legislation, including Title IX of the 1972 Educational Amendments.

2. Assembly and Expression: Students have the right to assemble and express themselves freely in a lawful and orderly manner. (This right may be subject to the “Rallies, Demonstrations, and Public Assemblies” policy described herein.)

3. Privacy: Students have the right to privacy as protected by the Family Educational Rights and Privacy Act of 1974 as amended (commonly referred to as the Buckley Amendment).

4. Information: Students have the right to information pertaining to academic standing, course requirements, and graduation requirements.

9. Grievances: Students have the right to make their concerns or grievances known through the appropriate administrative channels as prescribed under the policies of the University.

Student Responsibilities

When enrolling at Webster University, a student assumes responsibilities to fellow students, to the University, and to himself or herself. Students are responsible for conducting themselves in a lawful, civil, and responsible manner and for observing all University rules, regulations, and policies. This policy is intended to address concerns regarding the behavior of students who are members of the University community. These procedures are not intended to
replace civil and/or criminal procedures. When necessary, the University will work with appropriate law enforcement officials to redress accusations of criminal activity.

For the purposes of the Student Code of Conduct, a student is defined as someone who has accepted an offer of admission to the University with a monetary deposit and is in the process of enrolling (i.e., summer registration program), is enrolled, or was recently enrolled as a part-time or full-time student. Student status remains in effect during any semester in which a person is or has been enrolled (regardless of whether they dropped or withdrew from that semester); during break periods between consecutive semesters of enrollment; and during the quarter/semester immediately preceding and immediately following enrollment until a diploma is conferred.

If the University becomes aware that a student or applicant is a convicted felon, or is required to register as a sex offender, the University reserves the right to immediately dismiss that student and/or prohibit that applicant from enrolling in future classes, or limit the access of that student to specific campus facilities, based upon a review of the crime committed by the student/applicant.

Or, if direct, may also meet this definition and can occur through verbal, physical, electronic or other means.

The criminal conduct/civil offense may be considered as a violation of the Code of Conduct irrespective of whether the criminal violation/civil offense is prosecuted in a court of law. The University may inform law enforcement agencies of perceived criminal violations and may elect to defer internal Student Conduct action until prosecution of the criminal violation has been completed. Exoneration from criminal charges will not result in immunity from civil action or University proceedings.

Off-Campus Behavior

Off-campus behavior that is detrimental to the University or its students, faculty, or staff in their roles as members of the campus community is governed by this code. Webster reserves the right to take actions that address the violations through educational intervention or sanctions.

Social Media and Other Electronic Platforms

Behavior conducted through social media and/or other electronic platforms that is detrimental to the University, its students, faculty, or staff in their roles as members of the campus community is governed by this code. Webster reserves the right to take actions that address the policy violations through educational intervention or sanctions.

Admissions Applications

Webster reserves the right to deny admission based on non-academic reasons when it is believed to be in the best interests of the University. A disciplinary violation or criminal conviction may affect admission, enrollment, or course of study, whether occurring prior to the time of application, while the application is under review, or after the admission decision has been made.

Disciplinary and Student Conduct Procedures

Because Webster University is an educational institution, Student Conduct procedures and disciplinary responses to student behavior are designed as much for guidance and correction of behavior as for invoking fair and appropriate sanction. This code and these procedures are designed to determine whether students' alleged behaviors violate the standards and expectations of the University educational community. These expectations and procedures should, in no way, be construed to replace civil or criminal expectations or proceedings. Where necessary and appropriate, the University
will work in concert with legal enforcement officers to address alleged illegal behavior. These procedures are used to address the seriousness of the offense and the record of conduct of a given student; however, specific responses are not rigidly predetermined. The University recognizes that inappropriate behavior may be the result of the student's inability to solve a problem or manage a situation appropriately. Ultimately, the student must accept responsibility for his or her behavior and the consequences that result. However, the University also recognizes that Student Conduct responses may include providing students with educational alternatives that assist the student in learning how to handle certain situations. The fundamental hope is that the student can learn and grow from the incident and sanctions imposed in response to that behavior, and that he or she can make the necessary changes in his or her behavior to become a constructive member of the educational community.

1. University Rights and Responsibilities

Regarding Campus Disruption or Obstruction: In cases of alleged campus and/or classroom disruption or obstruction of the academic mission of the institution, immediate action may be initiated by a faculty member and/or administrator to restore order and/or to prevent further disruption. Behavior occurring within the academic arena, including but not limited to classroom disruption or obstruction of teaching, is within the jurisdiction of Academic Affairs. Faculty members have the right to address the immediacy of a situation as they deem appropriate (e.g., temporary removal of a student from a class when inappropriate, disruptive behavior occurs). Faculty response is forwarded to Campus Director, who consults with the academic dean for review (or his or her designee), and if necessary, further action. Further action might include permanent removal from the course. Repeated offenses could lead to removal from the program and/or the University. When necessary and appropriate, the local police may be contacted to assist with restoring peace and order.

2. The Rights of the Student Charged

The student being charged has the right to testify on his or her own behalf, and the right to bring witnesses on his or her own behalf. Accused students may submit questions in advance to the hearing officer that they wish to have asked of those bearing witness against them. During the hearing, questions should be directed to the hearing officer, not to the witness. The use of these questions is at the discretion of the hearing officer. In cases of alleged sexual assault, special measures may be invoked to protect the rights of the victim as well as the accused. In the event accused students choose not to testify, decisions may still be rendered in the absence of their testimony. Students who receive University accommodations under the Americans with Disabilities Act should notify the hearing officer that the appropriate accommodations should be accorded them as part of the disciplinary process.
3. Reporting a Violation

Reports of alleged violations of University rules or regulations are made to the Campus Director (or the Academic Dean in cases of academic misconduct), or his or her designee, herein referred to as the Director.

The Director informs the student in writing that an alleged violation of the Code of Conduct has been reported about him or her. The Director commences an investigation of the incident by reviewing the incident with the student. The student may be asked to provide a written statement to the Director within 48 hours of this preliminary discussion. The Director also may request written testimony from the person(s) who brought forward the information or charges and any other persons the Director believes may provide pertinent information. The Director may appoint a designee from the campus staff to act in his or her place for any disciplinary procedure.

4. Confidentiality

All disciplinary and Student Conduct procedures are closed and confidential. Final disciplinary decisions are communicated to the student charged and relevant school officials. If the student charged signs a release, the final disciplinary decisions are also communicated to the charging party. A copy of the written description of the sanction is placed in a file at the campus and in the Dean's disciplinary file in the Office of Student Affairs in St. Louis.

5. Types of Proceedings

**Mediation:** This procedure is implemented by the Director or his or her delegate and is generally reserved for first and less serious violators. It is employed when a violation arises out of a dispute between a charged student and another party or parties. The goal is to design a mechanism to resolve the dispute and to prevent it from recurring. A signed record of the mediation efforts, and the agreed-upon resolution, will be retained by the Director. If the participants in mediation fail to live up to the agreed-upon settlement, a charge(s) may be processed under the appropriate procedures cited below.

**Administrative Proceeding:** Many disputes or infractions can be handled within the context of an administrative hearing. The administrative proceedings are conducted by the Director (or his or her designee), or the Academic Dean (when the offense occurs within an academic setting).

Such hearings are appropriate under any of the following conditions:

1. When there is no record of disciplinary action in the recent past or a record of only minor violation;

2. When sanctions called for are less severe than suspension or expulsion from the University;
3. When both the student charged and the party making the charge (e.g., a University official or another student) agree to the facts in an incident and the charged party admits fault. In this case both parties agree to implementation of a disciplinary decision by the Dean, or his or her designate, or, in the case of an infraction in an on-campus residential property, the Coordinator of Housing and Residential Life or Managing Director of Webster Village Apartments. This agreement is made in the form of a written joint memorandum. The student's right of appeal remains unchanged; if the student is found in violation of a stated policy by the Director, sanctions are assigned. The decision is written as soon as is reasonably practicable after the hearing and forwarded to the student and, if a release is signed, to the person who made the charge.

**Academic Dean's Review**

This procedure is implemented by the Academic Dean (or his or her designee) and is intended to review the status of the student in a faculty member's course. This review may include a mediation between the student and the faculty member or it may be an administrative proceeding to determine whether a student should be allowed to remain in the given course. Because of the necessity for swiftness, this review should take place as soon as possible following the incident and is not subject to the requirement of three days advanced, written notice to the student. After consulting with the student and the faculty member, together and/or separately (and any necessary witnesses), the Dean shall render a decision. The student's right of appeal is to the Provost and Senior Vice President. In cases of academic dishonesty, a faculty member or university designee may request an academic dean's review for possible referral to the Academic Honesty Board for a hearing on potential suspension or dismissal.

**The Campus Student Conduct Board (CSCB)**

The Campus Student Conduct Board consists of three members: one student, one faculty member, and one staff member selected by the Campus Director. The Student Conduct Board selects one of its members to serve as presiding officer. The purpose of the Campus Student Conduct Board is to hear charges of student violations of University rules and regulations in cases that might involve suspension or expulsion, to decide whether the charged student is responsible for the alleged violation(s), and if responsible, to assign sanctions. The Campus Student Conduct Board also reviews requests for appeal of decisions made by the Director, and hears all cases referred directly by the Director.

**Expedited Process for Suspension or Dismissal**

In the most serious, "high risk" cases, in which the accused student may pose a serious threat to the health and safety of students, faculty, and staff, the following process may be enacted, with the approval of the Vice President.
Enrollment Management and Student Affairs. Steps 1-3 can take place within a single day.

1. The accused student is informed of the charges against him/her via email, letter, or phone call.
2. The accused student has the opportunity to respond to these charges via email, letter, or phone call.
3. The accused student will have the opportunity to submit questions to be answered by his/her accuser(s).
4. The dean of students (or his/her designee) decides if the accused student is responsible for a violation of University policies, and if appropriate, determines sanctions, which could include suspension or dismissal. This is communicated to the accused student.
5. The accused student has ten days in which to forward a written appeal to the dean of students' office. Any such appeal must set out the specific reasons supporting the appeal, including any contested finding of facts which are set out in the Dean’s determination of sanctions. The written appeal will be reviewed by the appropriate body, the University Student Conduct Board or the Sexual Offense Hearing Board. Due to the seriousness of this kind of case, all requirements for advance notification are hereby waived.

*Examples of "high risk" cases include:

- violent crimes against a person,
- behavior resulting in felony charges or convictions (equivalent to Class A, B, or C felonies in Missouri)
- threats or harassment of such an egregious nature that campus safety is affected
- any behavior that strongly suggests the accused may be a serious threat to the health and safety of students, faculty, or staff

6. Procedural Guidelines for Administrative and Student Conduct Hearings

The Student Conduct Board or Hearing Officer shall conduct hearings so as to assure the basic concept of procedural fairness.

The following procedures shall be adhered to:

1. The Director, or his or her designate is responsible for setting the hearing time, notifying all parties who are to testify, and forwarding all pertinent data to the appropriate board.
2. The Director shall give appropriate advance notice, in writing, of the charges against the student and copies of available evidence, to ensure that he or she may adequately prepare for such a hearing. The notice
clearly indicates the date, time, and place of the hearing. The notification should be received by the student at least three calendar days prior to the hearing. Students who receive University accommodations under the Americans with Disabilities Act should notify the Hearing Officer about the accommodations that should be accorded them as part of the disciplinary process.

3. The hearing shall not be considered to be a legalistic trial. Rather, the Student Conduct Board or Hearing Officer shall examine all relevant facts and circumstances at the hearing, shall ensure the relevancy of witnesses' statements, and shall, using a standard of “more likely than not,” determine whether the charged student should be held responsible for a violation of the Code of Conduct.

4. Hearings are confidential and closed to all but the principals of the case. At the discretion of the Hearing Officer, a transcript may be kept in audio taped or written form. The tape and transcript are the property of the Director's Office. Students are not permitted to tape or otherwise record the proceedings. Transcripts will be kept by the Director's Office and may be reviewed but not copied or removed from the Director's Office.

5. All parties have the right to be assisted in their presentation by an advisor of their choice. The advisor may be, but is not limited to, a friend, a fellow student, or faculty member. The advisor may speak privately to the student charged during the proceedings with permission of the presiding Hearing Officer. At no time during the hearing, however, will such advisor be permitted to speak for the advisee. Each party may request a brief recess to consult with his or her advisor. The presiding officer rules on questions of procedure and is responsible for moving the proceedings along in a timely and orderly manner. Students are responsible for providing copies of all documents to their advisors.

6. Prior to the hearing (at least 24 hours), the student being charged should submit to the Director a list of any witnesses he or she wishes to present and the nature of the testimony they may offer. This student should also submit a list of questions he or she wishes to have asked of the charging party.

7. At the hearing, the student being charged and the charging party shall have ample opportunity to explain the circumstances surrounding the incident and are encouraged to present pertinent evidence and the testimony of witnesses in person. In addition, both parties shall be afforded the opportunity to comment on any written statements or other evidence presented, and to respond to questions.

8. No member of the Student Conduct Board or the Hearing Officer should be either a witness for or against the student or a person previously engaged in formulating the charge or in presenting the material relating to the case. Alternate members will be appointed in cases in which
Board members have a perceived conflict of interest with the principals of the case.

9. The presiding officer rules on all objections, questions, and procedural points, subject to being overruled by majority vote of the Board. He or she also determines the sequence of testimony, including the option of having all principal parties meet together in the hearing. All those who participate in the hearing are obligated to conduct themselves in an orderly manner and to obey and abide by the presiding officer’s rulings. The Director attends all hearings to serve as an advisor in the process. The Dean of Students in St. Louis should be consulted on Student Conduct procedures used at the extended campuses.

10. Once all testimony is heard or read, the student being charged and the charging party are asked to make a final statement and the Hearing Officer or Board members are given a final opportunity to ask questions. All persons other than Board members and the Director are then excused and the Board meets to render a decision. The Director does not vote.

11. The Hearing Officer or Board decides whether there was a violation of policy using a standard of “more likely than not.” They also determine whether the charged student should be held responsible for that violation. If so, sanctions are also imposed on the responsible student. Each decision must have been reached by a majority of the Board. Once a decision is reached, the student being charged is informed orally of the decision by the Director. Both parties receive the decision in writing from the Campus Director as soon thereafter as is practicable (the charging party is informed only if the student charged signs a release form or if the case involves a violent act).

7. Appeals

1. Grounds for appeals:
   • Procedural error
   • New evidence
   • Excessive sanction

2. Limits of appeal and sequence of appeal:

A student found in violation of a stated policy may appeal a disciplinary decision only once, based on one or more of the criteria cited above. The appeal may take place in one of the following stages:

3. Appeal of a decision by / Appeal to:
   • Campus Director / Campus Student Conduct Board
   • Academic Dean (or designee) / Provost
Appeal procedure:

1. The act of filing an appeal usually postpones the action required by the initial decision until the appeal process is completed, unless the Director (in consultation with the Dean of Students) determines that postponement of the sanction may result in a serious threat to the University community.

2. The student must file the appeal through the Office of the Campus Director within 10 calendar days of receiving written notification of the decision. (An extension of this deadline may be requested in writing to the Dean of Students to accommodate periods of University recess or for other extenuating circumstances.) The Director then forwards the request to the appropriate Hearing Officer or the Campus Student Conduct Board.

3. The individual seeking the appeal must indicate, in writing, the specific bases or reasons for his or her appeal. The appeal statement should include the following: Student's name, ID#, local address, phone number, reason for appeal (see 7 a. above), and appropriate information regarding why the appeal should be granted. The letter should be of sufficient detail to stand on its own without accompanying testimony to permit the evaluation of the merit of the grounds for appeal. For example, if there were procedural errors, the errors should be identified and it should be noted what effect those errors had on the outcome of the case. If there is new evidence, the nature of that evidence and the potential effect on the outcome of the case should be noted. If the student believes the sanction was excessive, the student should take great care to note why they believe the sanction was excessive and should suggest a more reasonable sanction.

4. The appropriate Hearing Officer or an appeals committee of the Campus Student Conduct Board will consider the written statement of appeal and recommend action to be taken: denial of appeal or a new hearing. The individuals involved will receive written notification of the decision from the Director.

5. If the result of the appeal is an order for a rehearing, the hearing procedures described above shall apply. A new panel of Student Conduct Board members would rehear the case.

Disciplinary Actions

Disciplinary actions are proscribed by the Hearing Officer or Student Conduct Board. Students are obligated to carry out all directives of the Hearing Officer or body. Failure to do so may result in further sanctions. It is the prerogative of the
Student Conduct body to assign sanctions it deems fitting in response to the actions of the student found in violation. The Director has responsibility for monitoring compliance with all sanctions.

1. Temporary Suspension

Students may be placed on temporary suspension by the Director (in consultation with the Dean of Students and the appropriate Associate Vice President for Academic Affairs) in the following circumstances:

If the student is reasonably likely to present a threat to him or herself, to the University community, or to any of its members; or if the student poses a definite threat of disruption of, or interference with, the normal operations of the University, the alleged violator may be placed on temporary suspension. The student will be afforded an Administrative Hearing as soon as is practically possible to determine if, when, and which University privileges may be reinstated; however the student will remain on suspension until the proceedings are complete. The opportunity for appeal to the CJB remains intact. During the temporary suspension, the student shall be denied access to University facilities and/or all other University activities or privileges for which the student might otherwise be eligible as deemed appropriate by the Director.

2. Disciplinary Sanctions

a. Levels

The primary functions of any hearing body or officer are to determine whether or not there was a violation of policy and, if so, to recommend an appropriate sanction. The following are guidelines for sanctions, though ultimate determination of appropriate sanction lies with the Hearing Officer or hearing body.

Typically, for a first-time offender, a Level 1 sanction will be recommended. A Level 2 sanction may be recommended if the violation was a serious first offense or if the referred party was a repeat offender. Level 3 sanctions are usually reserved for serious first-time offender(s) or for repeat offenders. The following are examples of disciplinary sanctions. These may be used in combination at the discretion of the ruling party.

Level 1

- Student Conduct Letter of Warning
- University Disciplinary Warning
- Educational Sanction
- Financial Restitution
- Parental Notification of Violation and Imposed Sanctions
- Administrative Withdrawal from a Course
- Administrative Hold on University Account
Level 2

- Student Conduct Letter of Warning
- University Disciplinary Warning
- Educational Sanction
- Financial Restitution
- Parental Notification of Violation and Imposed Sanctions
- Administrative Withdrawal from a Course
- Administrative Hold on University Account

Level 3

- Disciplinary Suspension
- Disciplinary Dismissal

b. Descriptions of Disciplinary Sanctions

**Student Conduct Letter of Warning:** A warning letter issued by a Student Conduct hearing body or officer. The letter is placed in the Director's Student Conduct File and will be made available to any hearing body or officer should the student become a repeat offender.

**Administrative Withdrawal:** The withdrawal of a student from a specific course, major, or academic department may be invoked in cases where the student violates the expectations of the academic arena (e.g., classroom incivility, disruption, harassment of faculty members).

**Administrative Hold on University Account:** This action is most frequently taken when students do not complete assigned Student Conduct sanctions within the required timeframe, when students fail to answer Student Conduct charges, and when students must complete specific actions prior to being readmitted following suspension. This action prevents students from registering for classes, obtaining transcripts, diplomas, etc. Webster University reserves the right to withhold transcripts or a diploma pending the resolution of all outstanding Student Conduct charges and the successful completion of any sanctions issued as a result of those charges.

**Disciplinary Probation:** A more stringent warning used in response to a more serious violation or frequent violations of University regulations. Further violations would require consideration of Disciplinary Suspension. This action prevents students from being able to study abroad during the probationary period. This status may also be communicated to other schools to which a student may transfer (or has transferred).

**Disciplinary Suspension:** Action that separates the student from the University for a stated minimum period of time. At the end of the period, the student must apply to the Director or the Dean of Students for reinstatement.
Disciplinary Dismissal: This status permanently separates the student from the University.

3. Other Disciplinary Actions

Restitution, Fines, and Refunds: In cases that involve damage to personal, University, or private property, full restitution is typically required. Fines may result when the Hearing Officer believes they are appropriate. Restitution and/or fines should be paid by check or money order. In cases of suspension or expulsion, there is no refund of University fees. Tuition and room and board charges may be refunded consistent with University refund policies.

Educational Sanction: A proscribed activity designed to assist the student in understanding how his or her actions affect the community and/or to contribute to the betterment of the community. Such action is available at any level to supplement or replace any other Student Conduct action.

Behavioral Contract: These contracts are written to provide very clear expectations regarding a student's behavior within given circumstances. Probation is typically part of the contract.

Campus Restriction: Students may be restricted from access to residential facilities or other campus facilities, activities, or services. A student may also be barred from the entire campus if past behavior threatens the health, safety, or well-being of any member (including self) of the University community.
