### Facebook

**Page:** [www.facebook.com/WebsterHumanitarianAssociation](http://www.facebook.com/WebsterHumanitarianAssociation)

The Webster Humanitarian Association (WHA) is a Swiss-registered NGO led by Webster University Geneva students. Being a member of the WHA gives students the opportunity to become involved in issues that they are passionate about, to promote human rights and equality, and to play a small but important role in shaping a better world.

Students in the WHA participate in planning, organizing, and leading events which spread awareness about specific issues that are relevant to our members in the fields of international humanitarian affairs, refugee and migration issues, human rights and social justice, and natural disaster emergency relief. Members are also given the opportunity to participate in study trips to see the direct benefits of their efforts and gain real-life experience: Past trips have included Bosnia and Herzegovina, Auschwitz, and Berlin. We meet once a week and discuss current international issues and plan upcoming events. In the past, we have organized different events in order to raise awareness of humanitarian issues. Through these events, the Association has raised funds for victims of conflict in Bosnia and Herzegovina, Haiti, Africa, and Latin America. The WHA also assists the International Relations Department in the running of the annual Webster Humanitarian Conference at the United Nations Conference Centre. For the past few years, the WHA has worked with local refugees from a variety of countries on a number of projects.

## Football Club (Men)

**Contact:** Fabien Clivaz ([fabienclivaz@yahoo.com](mailto:fabienclivaz@yahoo.com))

The main activity of football club is meeting up every Friday afternoon to play and have fun in a competitive yet friendly atmosphere. Every once in a while, when we find the opportunity to

do so, we participate in a tournament, or organize a game with another club, but the most important tournament we enter is the Webster European Cup. We pick players for the teams in the tournaments based on a combination of how serious they are on Friday training and of course their ability to play football. Most of all, the football club is more like a family than only a team.

### Music Club

**Contact:** Youssef Negm and Alex Asimakopoulos  
(ymnegm@yahoo.com and alex.asimakop@gmail.com)

Are you musically gifted? Are you searching for the right opportunity to express your artistic talent with other people like you? Webster's Music Club offers students the opportunity to experience the life of a music artist. Not only does that involve practicing covers and/or composing original songs, but also rehearsing for performances during events at Webster University, such as its annual talent show. In addition to these opportunities, the Music Club has plans to collaborate with other media students for music projects that involve both studio and video recordings.

### Psychology Club

**Contact:** Fernanda Faria (fariazfernanda@gmail.com)

The Psychology Club meets on Thursday's 13:00 in the Study Room. Our goal is to raise awareness about psychology, mental health and support the events organized by the Psychology Department. During club meetings we discuss about a variety of topics chosen by the members, we make sure to hear your voice! We also plan different activities in order to maintain a fun and interactive environment.

### Business Club

**Contact:** Istmagambet Akhmejan (a.istmagambet@hotmail.com)

The goal of the Webster Business Club is to prepare Webster

students for their futures. Club members will have opportunities to learn from alumni and businesses in the area through company visits and on-campus discussions. Members can expect to improve their interpersonal skills, networking abilities, and professional presentation in person and on paper/ via social media. The business club is open to undergraduate and graduate students interested in entering the business world in a range of industries; our past visits have included UBS, the World Meteorological Society, Cisco, IMD, and more. If you are interested in joining, email us your CV; we're always accepting new members!

### Board Games Club

**Contact:** Zeke Medina (zmedina54@gmail.com)

**Contact:** Claire Vasiloglou (clairevas@icloud.com)

The Board Games Club was formed to give Webster students way to socialize and bond with one another. Meeting weekly, we let those that attend choose what game we will play that evening from games like "Betrayal on the House on the Hill" to more simple games. We welcome any suggestions and look forward to meeting the students that give us a shot!

### Webster Ecological Association

**Contact:** Dea Dika (deadika23@gmail.com)

**Contact:** Peter Carson, Faculty (carson@webster.ch)

This club is a great opportunity to meet passionate people determined to contribute positively to their environment. The association is dedicated to making our university as sustainable and eco-friendly as possible. Our team addresses issues that concern our campus community, and works to find solutions with students, faculty, staff, administration, and other Webster campuses. We appreciate members will all kinds of skills, passions, and interests who share the common goal of contributing to being "green".
